About

My name is Maxwell Muhanda, a full-stack web developer currently based in Kenya. My Passion for software is 100% driven by ideas i dream of and my want to make them a reality.I strive to deliver high quality code alongside a great user experience in every product I build.

I also do Digital marketing, particularly web SEO and social media marketing all inspired with current industry tools and the ability to create engagements over through technology.

Outside of programming, I enjoy travelling , video games and watching Football. I treasure the feeling of making wonderful memories.
